

# Shopiquick

## ReadMe

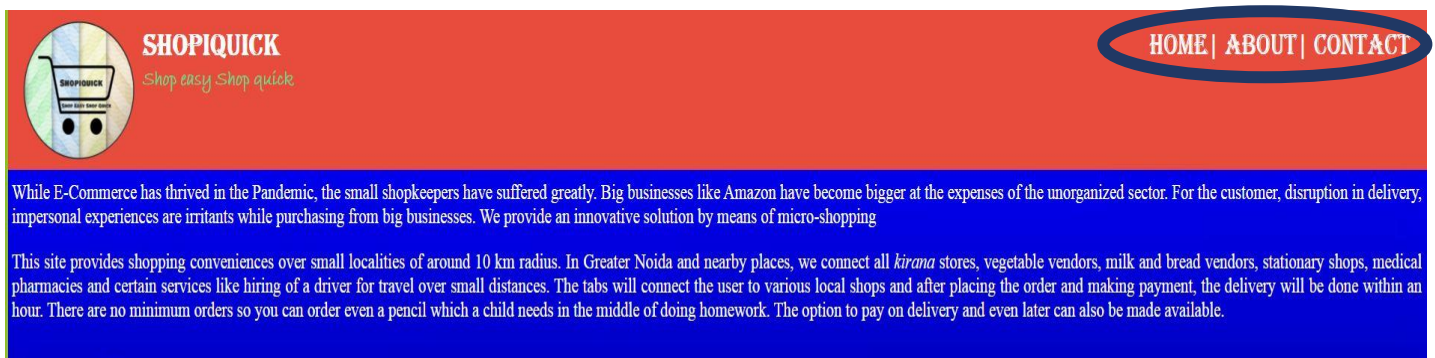

While E-Commerce has thrived in the Pandemic, the small shopkeepers have suffered greatly. Big businesses like Amazon have become bigger at the expenses of the unorganized sector. For the customer, disruption in delivery, impersonal experiences are irritants while purchasing from big businesses. We provide an innovative solution by means of micro-shopping

This site provides shopping conveniences over small localities of around 10 km radius. In Greater Noida and nearby places, we connect all kirana stores, vegetable vendors, milk and bread vendors, stationary shops, medical pharmacies and certain services like hiring of a driver for travel over small distances. The tabs will connect the user to various local shops and after placing the order and making payment, the delivery will be done within an hour. There are no minimum orders so you can order even a pencil which a child needs in the middle of doing homework. The option to pay on delivery and even later can also be made available.

## Overview of the Website

The *Index.html* is our home page. You can access all other webpages using the navigation bar provided on the *top-right* corner of our home page.

The screenshot shows the top section of the SHOPIQUICK website. On the left is a logo featuring a shopping cart with the text 'SHOPIQUICK' and 'Shop easy Shop quick' below it. On the right, a navigation bar contains the links 'HOME | ABOUT | CONTACT', with 'HOME' being the active link. Below the header, a blue banner contains two paragraphs of text explaining the site's purpose and services.

There are no minimum orders so you can order even a pencil which a child needs in the middle of doing homework. The option to pay on delivery and even later can also be made available.

You can access the pages for different categories from the categories section.

The screenshot shows the 'Categories' section of the SHOPIQUICK website. It features a blue header with the word 'Categories' and a small icon. Below the header is a yellow banner that says 'Special Offers Available'. Underneath, there are six colored buttons arranged in a 2x3 grid, representing different product categories: Medicine (orange), Grocery (grey), Food Delivery (green), Dairy (light blue), Clothing (purple), and Home Furnishing (red). At the bottom, a blue banner contains a paragraph of text about the site's mission.

Categories

Special Offers Available

Medicine Grocery Food Delivery

Dairy Clothing Home Furnishing

We hope that this micro shopping site will help residents of societies of Greater Noida and nearby areas to stay at home and shop safely. We will deliver even in lockdowns and using this site, you can support those who have been serving you for years rather than big corporates headquartered in other nations

# Conclusion

Shopiquick provides a user-friendly UI to buy groceries as well as other daily needs from your local kirana store without actually stepping outside.
